| cpdp.bg | _SECURE-PHPSESSID | Cookie generated by applications based on the PHP language. This is a general purpose identifier used to manage user session variables. It is normally a randomly generated number, how it is used can be specific to the site, but a good example is maintaining a logged-in status for a user between pages. |
| cpdp.bg | OptanonConsen | This cookie is set by the cookie compliance solution from OneTrust. It stores information about the categories of cookies the site uses and whether visitors have given or withdrawn consent for the use of each category. This enables site owners to prevent cookies in each category from being set in the users browser, when consent is not given. The cookie has a normal lifespan of one year, so that returning visitors to the site will have their preferences remembered. It contains no information that can identify the site visitor. |
| cpdp.bg | OptanonAlertBox Closed | This cookie is set by CookiePro's cookie compliance solution. It stores information about the categories of cookies used by the site and whether visitors have given or withdrawn consent to the use of each category. This allows site owners to prevent cookies of each category from being set in the users' browser, when consent is not given. Tea cookie has a normal lifespan of one year, so that returning visitors to the site will have their preferences remembered. It does not contain any information that can identify the site visitor. |
| sais.cpdp.bg | AspNetCore.Mvc .CookieTempDat aProvider | This cookie is generated when logging into the CPDP's record-keeping information system. |
